

Here's what you need to know before ordering the shoe brand "Todo Tango Shoes" for men and women.

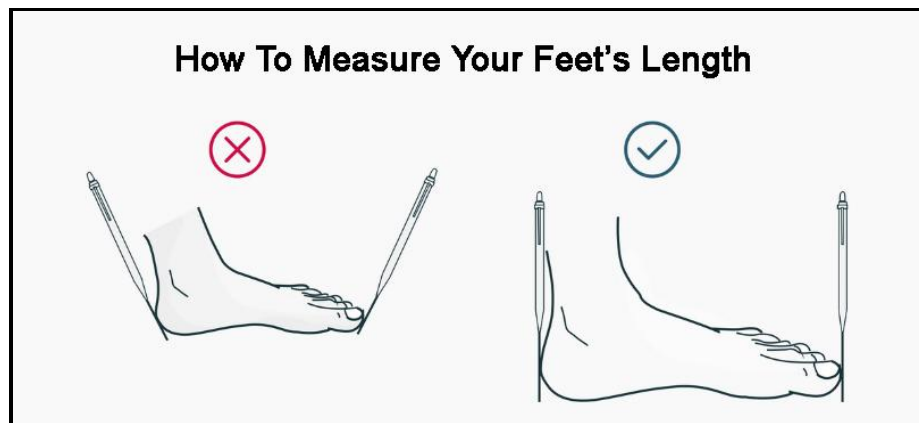

- * We are wholesalers.
- * For men's shoes, we have sizes from European 38 to 45 (USA 6 to USA 11).
- * For women's shoes, we have sizes from European 35 to 40 (USA 5 to USA 9).
- * Men's shoes are made with chrome soles (flexible and suitable only for dance floors), leather soles (very slippery, rigid, and suitable for any type of floor), and Total Flex soles (super flexible and only suitable for dance floors).
- * Women's shoes are made exclusively with chrome soles (flexible).
- * For men, we have 2cm and 2.5cm heels.
- * For women, we have 4.5cm, 6.5cm, 8cm, and 9cm heels.
- * "Todo Tango Shoes" women's shoes are incredibly comfortable thanks to their extra cushioning with memory. Men's shoes don't have cushioning but are also very comfortable.
- * "Todo Tango Shoes" offers two different sales options:
 - 1- They have 1,500 shoes in stock** ready to be shipped. The minimum purchase is 6 pairs, and these can all be different models. However, for your convenience, **you can initially order just 1 or 2 pairs** to try them on and check their quality before making a wholesale purchase. When ordering 1 or 2 pairs, the cost per pair is USD 90. If you order women's boots, the price is USD 100 per pair.
 - 2- 100% customized orders:** you can choose the sizes, materials, colors, heel height, and sole type. Production time is between 30 and 45 days, and the minimum order quantity is 6 pairs of the same model with the same characteristics; the only that can vary is the size.
- * Ordering between 6 and 20 pairs of women's or men's shoes the price is USD 90 each; from 21 to 40 pairs USD 85 each; from 41 to 70 pairs USD 80 each; from 71 to 100 pairs USD 75 each; and from 101 pairs onwards the price is USD 70 each. Women's boots have an additional cost of USD 10 each.
- * If you plan to place an order for 15 pairs or more, we suggest you to speak with your local customs office to see if they require any procedure or documentation to successfully import our shoes.
- * If you are interested in placing an order or would like more details about the wholesale purchasing process, please contact us by email at tangoshoeswholesalers@yahoo.com or by WhatsApp at +54911-3889-5220.
- * After receiving your order, we will inform you of the shipping cost via FedEx. Argentine customs

duties are paid by us and destination taxes are paid by the customer. We offer two shipping services: economy and express.

* For orders between 1 and 20 pairs, we accept payments via Western Union or Wise (with a 5% surcharge on the total price of shoes + shipping cost). For orders over 20 pairs, we accept bank transfers. If the shoes are in stock, they will be shipped the next day after receiving of your payment.

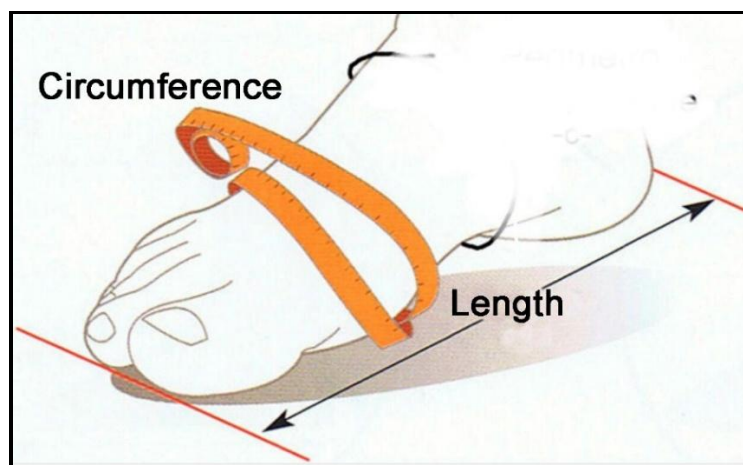

***We do not offer exchanges or refunds for sizing issues**, but we will consider any manufacturing problems, should they arise.

* If you wish to purchase one or two pairs to test their comfort and quality, or if you would like to place a group order for yourself and your tango-loving friends, we suggest following these instructions: Since shoe sizes vary slightly from country to country, to avoid sizing issues, please measure the length and circumference of your feet in centimeters and provide us with the larger measurement (as one foot is often slightly larger than the other). Please also indicate your usual shoe size so we can provide you with the most suitable size. (If you are purchasing shoes to stock and resell, please indicate the sizes you require; foot measurements will not be necessary.)

How To Measure Your Feet's Circumference

Please give us your feet's width in centimeters, which is the circumference of your foot at it's widest point.

By ordering, customer states that has read, agreed and understood the terms and conditions of this

document.

WOMEN'S SHOES IN STOCK

(We almost have all sizes of each model of this catalogue)
